

# Data Sheet for IP45 Wave Rocker

**The Wave Rocker is a multi-user inclusive seesaw that can be used by up to 6 children at a time!**

We have designed a gentle rocking system for IP45, which helps avoid sudden movement. There are 4 seats with more space for 2 users on the central pad. The central pad has been designed at wheelchair transfer height. The pad features 6 hand slots and 'hold on tight' routed in braille at both ends. The hand and foot rails, covered in easy grip, avoid slippage. The addition of stoppers on the ends of the rails, keeps hands and feet securely in place. Ergonomic seats provide support and a tactile bubble design on the Wave Rocker adds to the visual experience.

Scale: 1:50

A4

Activities	..	Rocking, Balancing, Group Play, Tactile, Braille
Features	..	4 Seats and 2 Central Seats
Age Range	..	5 to 12 years
No. of Users	..	6
Falling Space	..	12m <sup>2</sup>
FFH	..	1m
Materials	..	HDPE, Steel
Approx. Weight	..	100kg
Concrete Volume	..	0.85m <sup>3</sup>
